Decay loosens the teeth. Sozodont removes the cause of their destruction, and they retain their place in the dental process. After a few applications, it will be noticed that the natural indentations in them, formerly filled with corroding tar tar, present a spotless appearance and their enamelled surfaces glisten with be coming lustre. Thus beauty is heighten coming lustre. Thus beared and health promoted.

How to Shorten Life.

The receipt is simple. You have only to take violent cold and neglect it. Abennethy, the great English surgeon, asked a lady who told him she only had a cough: "What would you have? The plague." Beware of "only coughs." The worst case can, however, be cured by Dr. Wm. Hall's Balsam for the lungs. In whooping cough and croup it immediately allays irritation, and is sure to prevent a fatal termination of the disease. Sold by druggists. (codéw)
